SLDGHMR - SLDGHMR & You Love Her Coz Shes Dead - I

We all know [Phoenix](#) for iconic hits that have a way of embedding themselves into your consciousness like an intense hangover. Their latest hit, [Entertainment](#) has the same undeniable catchiness and - as much as I hate to insult the French pop icons – it is almost too cheesy. The opening chords assert an immediate Anime connotation into the track and not in a discreetly cool, ninja-warrior way.

[SLDGHMR](#) have stripped the track down to its most important elements – Thomas Mars’ epic vocals – and have revamped it into something danceably new. Add in a bassline that was virtually nonexistent past the original bass-guitar riffs and the track loses all cheesiness.

With the added bonus of a free download of this remix, [SLDGHMR](#) have also hinted that they will be releasing an EP late April. The sheer sexiness infused into this remix creates a suspenseful excitement for the forthcoming release - hinting at new musical influences that the duo may be exploring to build an innovative, new sound.
