

The Rapture - Sail Away (Digitalism Remix)

Out June 3 on Beatport

SLDGHMR - SLDGHMR & You Love Her Coz Shes Dead - I

Always the poster children of versatility, it looks as though Digitalism are back with a vengeance and looking to take over a dance floor near you. Known to remix the best in indie rock and electro, their catalog includes impressive originals and remixes of Eric Prydz, The Presets, Munk and other recognizable names. To follow up their well-received remix of Bloc Party's "Truth" is their dancified version of The Rapture's anthem "Sail Away".

The Rapture's 2011 album "In the Grace of Your Love" has been a favorite amongst remixers everywhere and has spawned memorable re-works from the likes of Poolside, Cosmic Kids, Aeroplane and others. Perhaps late in the game is their own remix of "Sail Away" which will undoubtedly acquaint new listeners with the unfamiliar indie styling of The Rapture.

The duo bring the laidback tune into the dance arena by introducing a steady four-on-the-floor rhythm to offset Luke Jenner's iconic vocals. Shimmering introductory synth riffs - with the inspirational quality of church organs - build on this track's already uplifting quality. It is a track that will get ample floor play and fit nicely into the summer festival circuit.
